

HbA1c Walkthrough in EQUIPP®

Provided is a step by step walkthrough on how to document HbA1c opportunities in EQUIPP®

Step 1

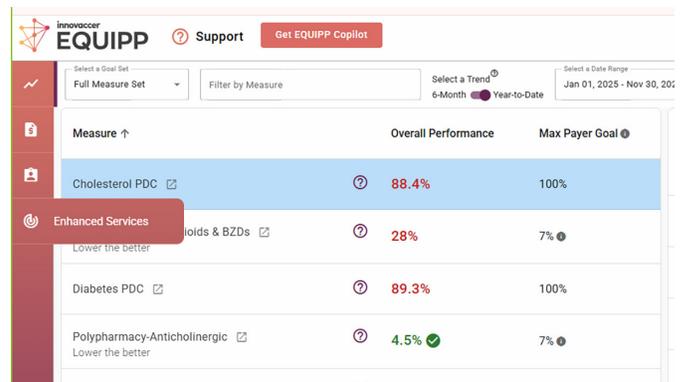

Once you are logged into EQUIPP®, go to the “Enhanced Services” tab on the left-hand side. This opens the clinical programs available for your

Measure	Overall Performance	Max Payer Goal
Cholesterol PDC	88.4%	100%
Concurrent Use of Opioids & BZDs	28%	7%
Diabetes PDC	89.3%	100%
Polypharmacy-Anticholinergic	4.5%	7%
Polypharmacy-CHE Active	17.9%	5%
RASA PDC	90.2%	100%
Statin Use in Diabetes	87.7%	95%

Step 2

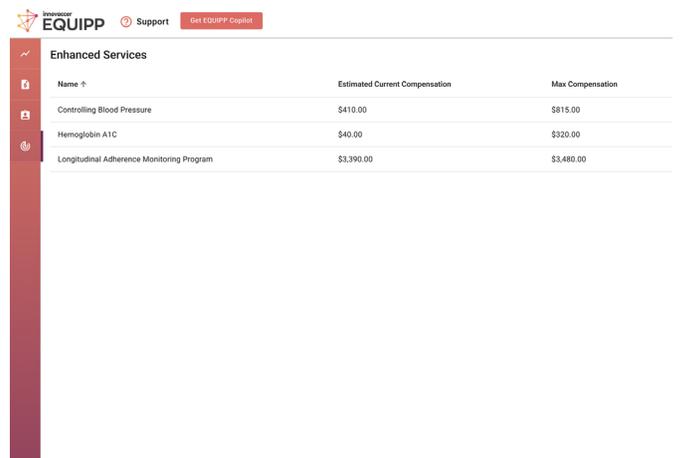

Click on the bullseye icon at the bottom left to expand the list of available programs under Enhanced

Measure	Overall Performance	Max Payer Goal
Cholesterol PDC	88.4%	100%
Concurrent Use of Opioids & BZDs	28%	7%
Diabetes PDC	89.3%	100%
Polypharmacy-Anticholinergic	4.5%	7%

Step 3

Look for “Hemoglobin A1C” in the list of programs and select it. This will display a patient roster of those eligible for A1c documentation opportunities.

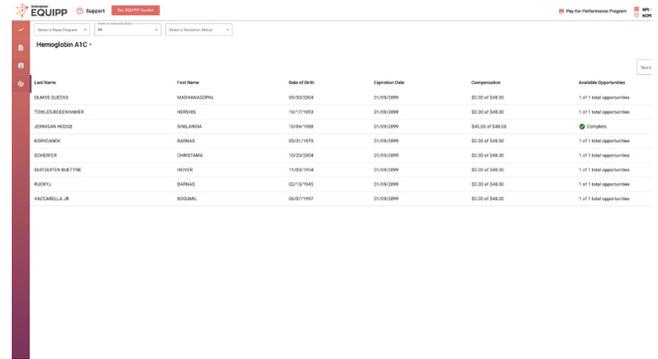

Name	Estimated Current Compensation	Max Compensation
Controlling Blood Pressure	\$410.00	\$815.00
Hemoglobin A1C	\$40.00	\$320.00
Longitudinal Adherence Monitoring Program	\$3,390.00	\$3,480.00

Step 4

Once on the Hemoglobin A1C page, you'll see a table showing:

- Patient names or identifiers
- Current A1C screening status. This allows pharmacy staff to track which patients still need testing and documentation.

Click anywhere on the patient row to access details and begin documentation.

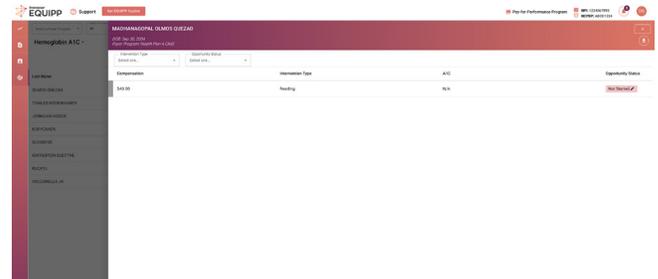

Last Name	First Name	Date of Birth	Expiration Date	Compensation	Available Opportunities
OLMOS QUEZAD	MADHANAGOPAL	09/30/2004	01/09/2009	\$0.00 of \$48.00	1 of 1 total opportunities
YANIELA ADEENHERRERA	HEIDIANE	10/17/1993	01/04/2009	\$0.00 of \$48.00	1 of 1 total opportunities
ARMANDO HERRERA	OSCARA	10/01/1988	01/06/2009	\$40.00 of \$48.00	0 of 1 total opportunities
ARMANDO	SARAS	05/31/1933	01/06/2009	\$0.00 of \$48.00	1 of 1 total opportunities
SABRINA	CHRISTINA	10/29/2004	01/06/2009	\$0.00 of \$48.00	1 of 1 total opportunities
SANTIBAN BUSTINE	HEYER	11/09/1984	01/06/2009	\$0.00 of \$48.00	1 of 1 total opportunities
RADYU	SARAS	02/17/1945	01/06/2009	\$0.00 of \$48.00	1 of 1 total opportunities
YACOBELLA JR	BOONAL	06/07/1987	01/06/2009	\$0.00 of \$48.00	1 of 1 total opportunities

Step 5

In the column labeled “Opportunity Status” (or “Documentation Status”):

- Not Started = needs documentation
- Validated (or Completed) = documentation already finished

Click on “Not Started” for the patient you wish to document to open the documentation pop-up.

Hemoglobin A1C

Name: MADHANAGOPAL OLMOS QUEZAD
DOB: Sep 30, 2004
Documenting on: Reading

Last Name	First Name	Date of Birth	Expiration Date	Compensation	Available Opportunities
OLMOS QUEZAD	MADHANAGOPAL	09/30/2004	01/09/2009	\$0.00 of \$48.00	1 of 1 total opportunities

Step 6

In the documentation pop-up, fill in all required fields:

- Was the test performed within the pharmacy?
 - This must be Yes to receive credit.
- Intervention(s) performed (e.g., patient counseling)
- Additional notes (optional)
- Date of testing

Test results (A1C %)

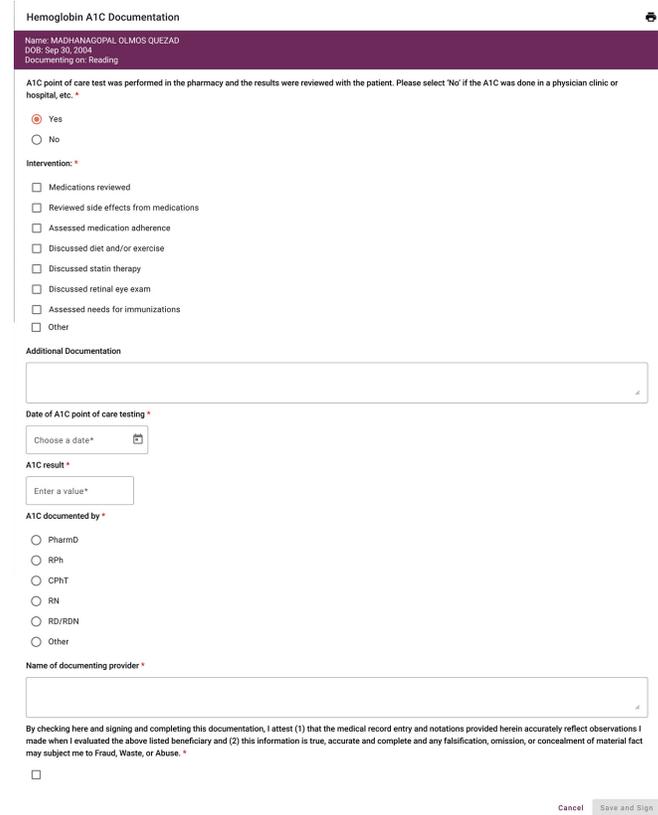

Documenting provider information (your name/credentials)

Step 7

Once the fields are completed:

1. Read the attestation
2. Check the attestation box
3. Click “Save and Sign” to finalize the documentation.

After saving, the patient’s status will change to

Hemoglobin A1C Documentation

Name: MADHANAGOPAL OLMOS QUEZAD
DOB: Sep 30, 2004
Documenting on: Reading

A1C point of care test was performed in the pharmacy and the results were reviewed with the patient. Please select 'No' if the A1C was done in a physician clinic or hospital, etc. *

Yes
 No

Intervention: *

Medications reviewed
 Reviewed side effects from medications
 Assessed medication adherence
 Discussed diet and/or exercise
 Discussed statin therapy
 Discussed retinal eye exam
 Assessed needs for immunizations
 Other

ALL PATIENTS VIEW

Step 1

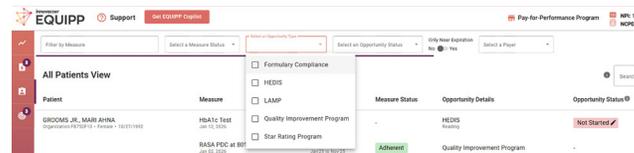

Once you are logged into EQUIPP®, go to the “All Patients View” tab on the left-hand side. This opens all the programs & patient information available for your pharmacy.

Step 2

In the top navigation bar, click on the “Select an opportunity type” drop-down menu.

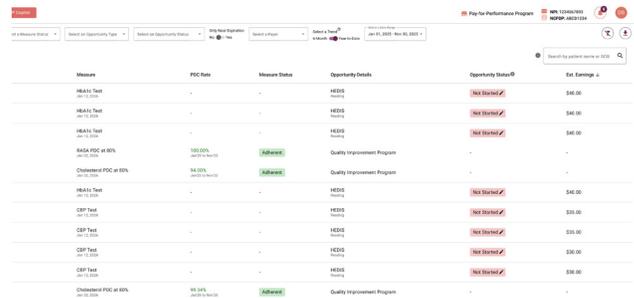

From the list, select HEDIS. This will filter the view to display only A1c and CBP opportunities.

Step 3

Once the HEDIS opportunities are displayed, review the “Measure” column to identify which entries are HbA1c opportunities.

When you locate the patient you would like to document for, click on the “Not Started” status under the Opportunity Status column to begin entering the A1c reading.

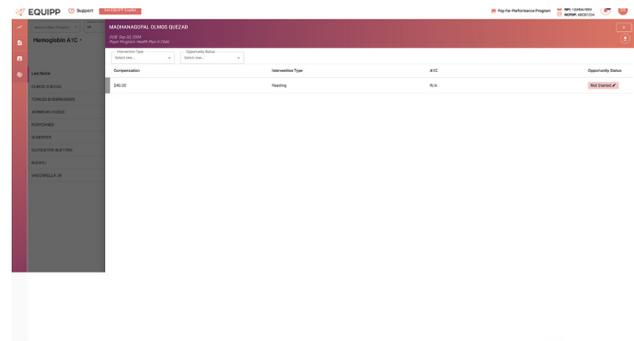

Step 4

In the column labeled “Opportunity Status” (or “Documentation Status”):

- Not Started = needs documentation
- Validated (or Completed) = documentation already finished

Click on “Not Started” for the patient you wish to

Step 5

In the documentation pop-up, fill in all required fields:

- Was the test performed within the pharmacy?
 - This must be Yes to receive credit.
- Intervention(s) performed (e.g., patient counseling)
- Additional notes (optional)
- Date of testing
- Test results (A1C %)
- Documenting provider information (your name/credentials)

Step 6

In the documentation pop-up, fill in all required fields:

- Was the test performed within the pharmacy?
 - This must be Yes to receive credit.
- Intervention(s) performed (e.g., patient counseling)
- Additional notes (optional)
- Date of testing
- Test results (A1C %)
- Documenting provider information (your name/credentials)
